ATTENDANT AT HOME

CARE AT YOUR DOORSTEP

The 'Attendant at Home' service provides professional assistance right at your doorstep. Our trained male and female attendants (also known as caregivers) and trained nurses assist patients with their daily activities. They help with personal grooming, mobility (such as sitting up, standing, or walking), feeding, light household chores, and maintaining hygiene. Additionally, they are trained to monitor general health by regularly checking vital parameters like heart rate and blood pressure. This enables patients to maintain their independence to the greatest extent possible.

SERVICES INCLUDE

- ✓ Personal grooming & hygiene care
- ✓ Mobility support (sitting, standing, walking)
- ✓ Feeding assistance & diet support
- ✓ Light household chores
- ✓ Monitoring vital parameters (BP, Pulse, etc.)
- ✓ Companionship & emotional support
- ✓ Post-surgery & illness care
- ✓ Maintaining hygiene & clean surroundings
